

App Features

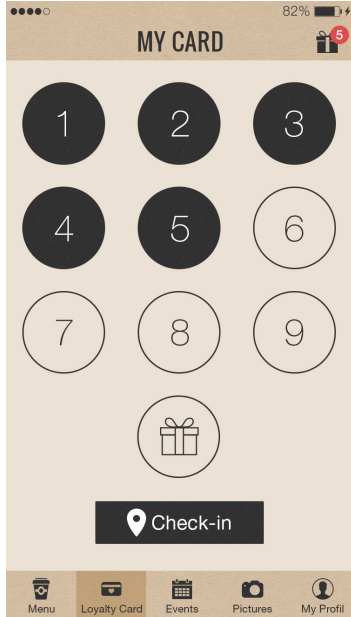

Digital Apps LLC

DIGITAL APPS, LLC

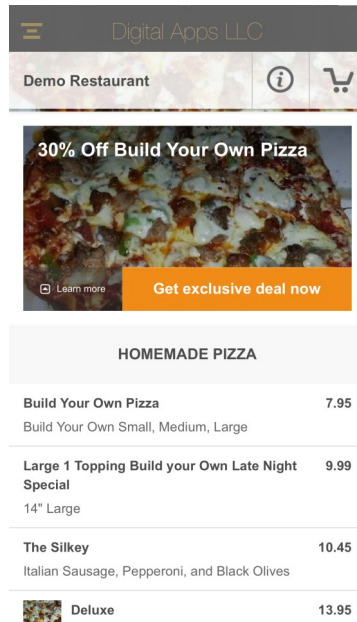

Affordable Smartphone Apps For Small Businesses.

Digital Loyalty Program/Card:

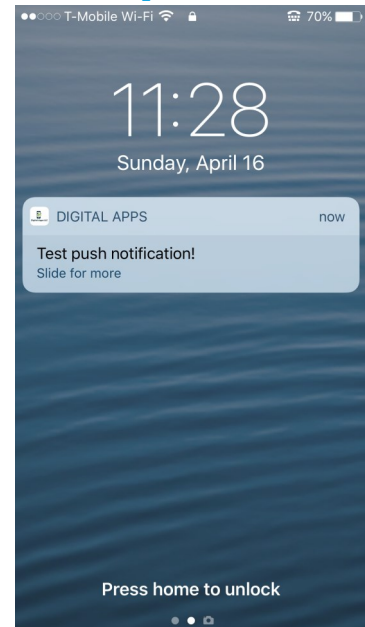

No more paper punch cards!

Online Food Ordering:

Send messages to your customers phones with push notifications!:

App for your business can be published in the Android Google Play Store and in the iPhone Apple App Store.

Digital Loyalty Card*: Customers can check in and get a point each time they visit your business or purchase an item. Fully customizable to number of punches. Customers check in through a GPS based location or by scanning a QR/Barcode at your business to get a point.

Online Food Ordering/Delivery Tracking*: NO POS System needed! Customers order right through the app and/or your website/Facebook. Order comes into your business on a tablet, and order can be printed or manually entered into a POS system if needed. Customer gets real-time response from you with a time to pick up the order or delivery time with delivery tracking!

Push Notifications*: Built in advertising for your business! Send out messages about special events, promotions, coupon codes, etc. that go directly to your customers cell phone.

Other features include*:

Scheduled Push Notifications, Text Message Marketing, Club Card, Coupons, E-Commerce, Bluetooth and Beacon Integration, Facebook/Twitter Integration, Event Posting, Calendar, Photo/Video/Audio/Article Posting, Podcast Integration, Live Audio, Live Video, Chat, Facebook/Twitter Login, Authentication and User Groups, Access Restrictions To App Sections Per User Group, Forms, About Page, Contact Page, GPS Integration, Geo-Fencing, Mapping/Tourism, QR Code Reading, External Advertising, Internal Ad Server, RSS and WordPress Integration, PWA (Progressive Web App).
